Letter of Recommendation

Refex

Michael Wachowiak
Brunevej 6, 8250 Egaa
Danmark

With this letter we would like to give REFEX our best recommendation and introduce you to our knowledge of his skills and personality.

Nørhalne cup is being hold for edition no. 30 in 2013, and for many years now, we have had the possibility to use our friendship with REFEX and Michael Wachowiak to secure our tournament, the best options regarding having Referees to our tournaments.

Our tournaments use to have about 160 Referees every year, and in the beginning we found referees by us self, and later together with Michael and his firm Refex. It has always worked out very easy and very good, and we have as we wanted, Referees from different countries to come to our tournament.

Personally I have knowing Michael for some years now, and for now I am the Manager of our two tournaments and I made the choice in 2010 that I accepted Michael as the best option and wanted him to be the only one, to have the responsibility to get Referees to the tournament and that Refex is our cooperate in this matter.

Michael has every year done a great job. Referees from different countries, and he can handle them all, tried the Referees well and organize everything very well. He is ready to meet our wishes and he worked organized and with a friendly attitude. Also he`s having respect for his work by the Referees and from officials for his way to handle situations when something may come up in a match or after.

We intend to keep working with the REFEX and Michael and I will give him the best recommendation to anyone who may have interest in working with Michael regarding Refex and Referees for future – except if you pretend to make a tournament in same time at the year as ours ☺
